

SUPPORTED SELF STUDY (AQ2016) Prospectus 2020/21

What is included in Supported Self Study?

Supported Self Study is for students who enjoy working at their own pace but who like to know that extra support is available if they need it.

By enrolling with PASS Accounting we will offer you:

An initial meeting

- to discuss your needs and how you wish to approach the level you have selected
- an indication of how long you should spend on each subject

Support sessions

- if you decide you need extra targeted support we will arrange a mutually agreed time to meet up in the class room
- we will answer any questions you have and provide extra practice material if needed
- support sessions can last one hour or two – by prior agreement

Email support

- if you need brief explanations contact our tutors by email

Mock exams

- AAT exams are all computer based and computer marked.
- There are exams in the individual subjects and once all of these have been completed a synoptic exam for each level must be taken.
- This includes topics from each of the individual subjects as well as subjects not individually examined.
- The AAT has mock exams on its website to help familiarise you with the layout and the types of questions included
- By arrangement you can sit an AAT mock exam with us and we can provide you with detailed feedback from the AAT exams software (note these mock exams are the same as those on the AAT website)
- By arrangement you can choose to sit a paper mock exam with us and we will mark this and give you face to face feedback
